Innovativo tessuto costruito con una particolare trama ad alveare formata da micro camere d'aria. La nuova combinazione di filati riesce a garantire un notevole effetto traspirante ed estrema leggerezza. Una minor quantità di tessuto a contatto con la pelle, grazie alla presenza di minuscole camere d'aria, consente, infatti, una straordinaria regolazione della temperatura corporea e una sensazione d'intenso comfort. Il filato è doppio e composto da fibre di tonalità diverse per ottenere il caratteristico colore "melange", un effetto chiaro scuro ottenuto con una doppia tintura tipica dello stile tempo libero. Dalla mano morbida e confortevole il tessuto segue ogni movimento del corpo con straordinaria naturalezza. Anche il nuovo tessuto B-HIVE è certificato Oeko-Tex® Standard 100 e non rilascia sostanze nocive per la pelle e dannose per la salute.

BOHIVE

An innovative fabric with a special honeycomb weaving made up of micro air chambers. The new combination of threads guarantees remarkable breathability and extreme lightness. Less fabric which comes in contact with the skin thanks to the minute air chambers guarantees extraordinary regulation of body temperature and a feeling of immense comfort. The two-ply thread is made up of different colours in order to obtain the characteristic melange, a light-dark effect obtained with a double dyeing that is typical of the leisurewear style. Soft and comfortable to the touch, the fabric follows every movement of the body with a natural flow. The new B-HIVE fabric is also Oeko-Tex® Standard 100 certified and does not release substances which are harmful to the skin or constitute a health risk.

Tissu innovant réalisé à l'aide d'une trame alvéolée formée de micro-chambres à air. Ce nouveau mélange de fils assure un important effet respirant doublé d'une extrême légèreté. En effet, la présence des minuscules chambres à air réduit la quantité de tissu en contact avec la peau, ce qui régule considérablement la température corporelle et apporte un confort extrême. Le fil double composé de fibres de tonalités différentes présente une couleur chinée caractéristique, un effet clair-obscur issu d'une double teinture typique des vêtements destinés au temps libre. Doux et confortable, le tissu suit tous les mouvements du corps avec un naturel extraordinaire. Le nouveau tissu B-HIVE est lui aussi certifié Oeko-Tex® Standard 100 et il ne libère aucune substance nocive pour la peau ou la santé.
